MTA continues to make steady progress  
developing the BaltimoreLink plan. In  
March 2016 six public hearings were  
conducted, followed by a thirty day  
comment period between March 29,  
2016, and April 29, 2016. The purpose  
of the hearings was to collect public  
input on service changes for summer  
2016. When making final decisions,  
consideration was given to all  
comments received.
